Dear Mr. Harvey:

Your letter dated April 10, 1985 addressed to the Armenian Church Diocese of North America was brought to my attention soon after it was received.

The later part of the spring being a very busy season for me this year, and having just returned from my annual vacation, I take the opportunity to write to you.

The items on which you want information number about twenty. The Diocese of the Armenian Church does not yet have the answers to all of your questions in a one-volume book, specially in the area of social issues. I am sending you enclosed the following, all published by the Diocese, and trust that you will gather useful information on the Armenian people and the Armenian Church from them.

1. A Brief Survey of the History of Ancient Armenia, by Prof. Hacob Manandian.
2. The Armenian Church. A brief outline.
3. St. Vartan Cathedral. A pictorial guide.
- 4.5.6. (Pamphlets: "Armenia and the Armenians", "How the Church Began, "The Priesthood").
7. The wall calendar of the Diocese for 1985, with a 1 1/2 page Directory.
8. A copy of the current BEMA, official periodical of the Armenian Diocese.

Best regards.

Sincerely,

Fr. Arten Ashjian
Director, Ecumenical Relations
