Stewardship Committee
Saint Vartan Armenian Cathedral
630 Second Ave.
New York, NY 10016

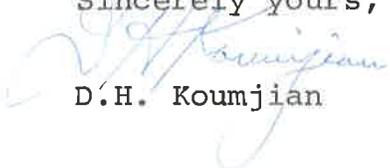

Dear Mr. Antreassian:

I am again sending you the enclosed \$100.00 check to become the supporter of St. Vartan Armenian Cathedral Stewardship. The idea of becoming a Steward is a very worthwhile project, which creates additional financial and moral support to St. Vartan Cathedral. I hope this year you will have twice as many Stewards as you had last year. Records show that our parish, St. Mary's Church of Washington, D.C., has supported this idea in better percentage than other parishes.

As a Steward, as past deligate for several terms to the Diocesen Assembly, and as past Parish Council Chairman of our parish, naturally I am very much interested in our parish affairs. Recently talking to our present Parish Council Members, they left me with the impression that our church is not progressing properly, lack of interest among the parish members, church membership is not improving. I feel that it is my duty, as guardian, to bring this matter to your attention. We need diocese support and suggestions to improve these general conditions in our parish in Washington, D.C.

I hope that you will be more successfull to increase the number of Stewards for this year.

Sincerely yours,

D.H. Koumjian
D.C.
