Attention: Treasurer

I would very much appreciate your changing your record designation of "MS" to MRS. I do not care or like the MS designation for myself.

Thank you.

P.S. I, along with many people, have been feeling the inflation this past year and now more than ever. However, I feel that this commitment to the Cathedral is one I very much feel obligated to keep. I certainly hope and pray that the economic conditions improve so that we may continue to contribute to the Stewardship Program as well as seeking more Stewards for this worthy endeavor.
