

25 May 81

MARK KAZANJIAN
Vice Chairman-
Mid-Atlantice Regional Representative - ACYOA Central Council
580 Prospect Street
Methuen, MA 01844

Dear Mark,

This is to remind you that we should convene a Mid-Atlantice Regional ACYOA Conference in the very near future. As I have requested this before, I expect that you have begun such plans by now.

Since there is no functioning regional committee, anyone interested in representing their Chapter (elected delegate or not) should be invited to this conference.

The intention of the conference is to establish communications between chapters ~~of~~ the region - strengthening chapters that exist, and enable new chapters to form. The conference format will be mainly discussion/forum/think-tank. The site should be central to the highest concentration of chapters/membership. I should like to hear your ideas concerning dividing this obviously impractical region soon.

Kindly be in touch with the chapters from the region and check with me on a date. We want to adjourn the conference having

accomplished something, as well as initiate some type of structure for the region. I look forward to hearing from you.

Sincerely,

JAMES MAGARIAN
Executive Secretary

c.c. CC Chairman
