Remarks by Fr. Arten Ashjian on the report of ST. MARY CHURCH of
Livingston, New Jersey

B. REPORTS:

The Pastor's report, which is duly signed, is too long (6 and a half pages typed single space with hardly any margin). It should be more concise, and avoid turning into a repetitive exhortation. This comment is made based on my experience of last year with the same pastor's report.

D. ELECTION RESULTS:

There is no sample ballot for the election of the assembly officers.

F. CERTIFICATION of the two newly elected diocesan delegates should be presented separately for each individual.

NOTE. On the top of page 15H the word Pastoral has been spelled Pastorial three times. This misspelling is a repeat from last year, if not earlier times.
