ABRAHAMIAN AUDITORIUM

IN TRIBUTE

We are most happy this year that we are celebrating our Second Anniversary with this banquet in our own Church Auditorium. It is very fitting that we have been able to culminate the many years of our hard work with this beautiful edifice. We dedicate this banquet to our departed members who worked so hard to achieve their dreams, but are unable to be here with us today. May they rest in peace knowing that their prayers have been fulfilled.

FILM PRESENTATION

The film to be shown depicts the progress of church construction from the official ground breaking on April 1, 1979 to the consecration service on September 28, 1980. Pictures were taken almost weekly. Many of you will see yourselves on the construction site as well as at ground breaking and consecration services. We hope your review of this never seen film will be most rewarding, especially now that we look back at what, at times, appeared to be an insurmountable task that this parish had undertaken.
