November 6, 1995

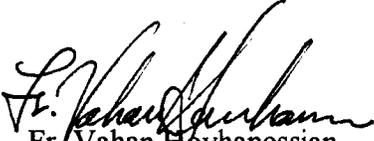

The Most Reverend Archbishop  
Khajag Barsamian, Primate  
Diocese of the Armenian Church of America  
New York

Your Eminence,

We wish to inform you that St. Leon's Armenian Church in Fair Lawn, New Jersey, has reactivated its expansion program approved by the Parish Assembly in 1988. At that time, the plans for this expansion were submitted to the Diocesan Council and approved. The expansion program, however, was stopped because of the tragic earthquake and other problems in Armenia.

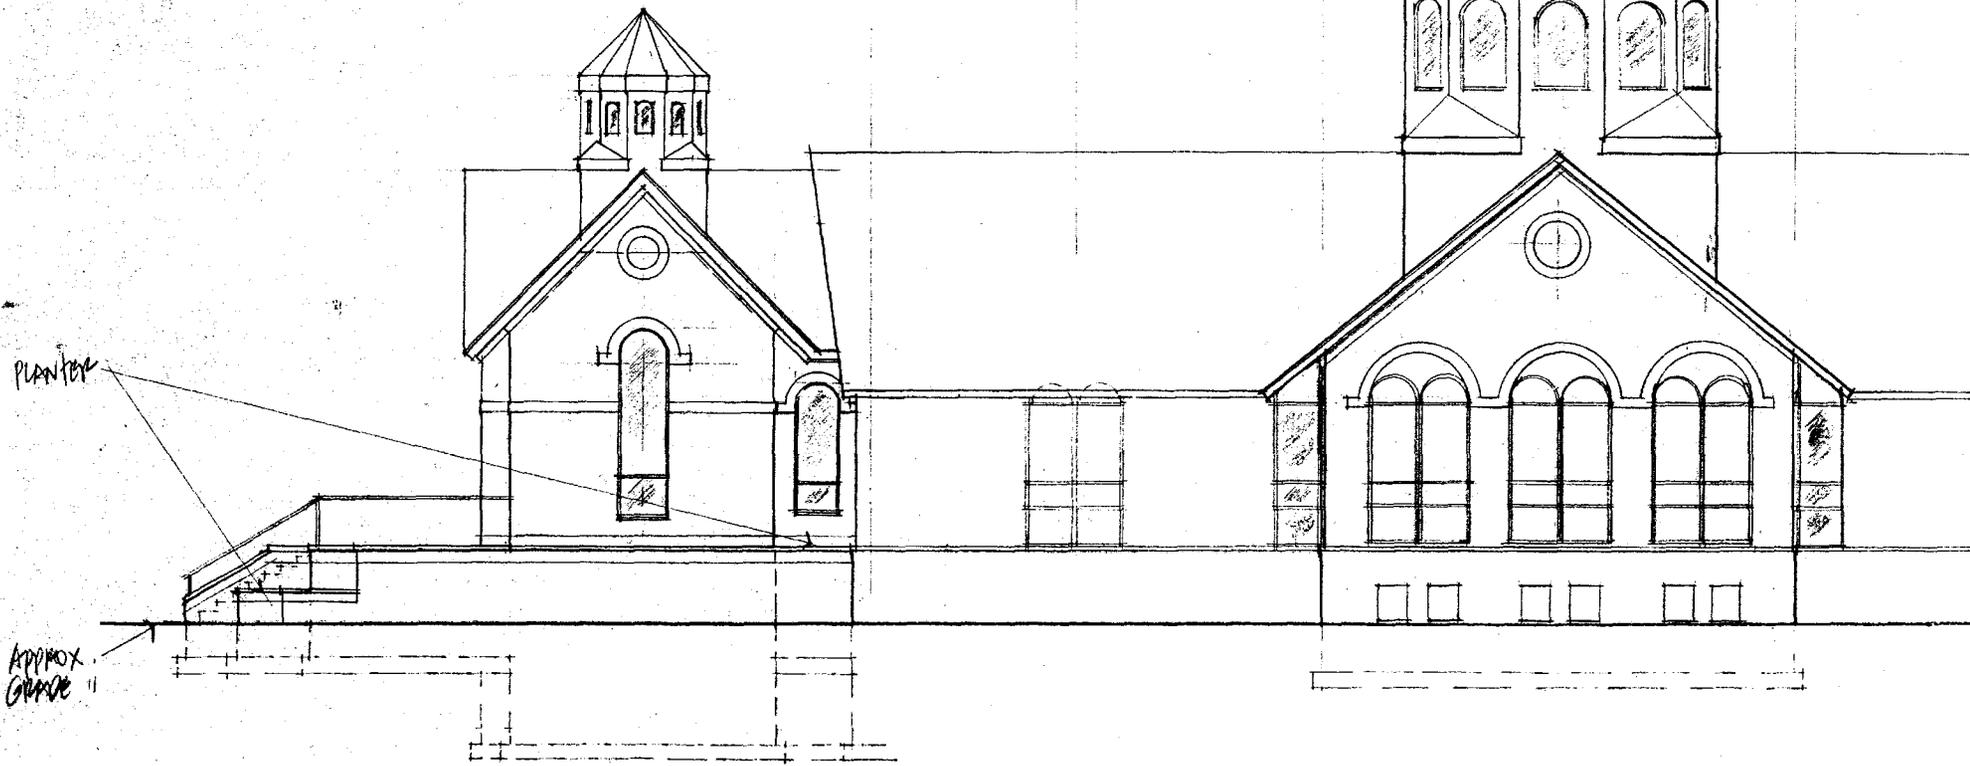

In 1993, St. Leon Parish Assembly agreed to reinstate the expansion program, with the same conditions as outlined in the Assembly of 1988. The expansion will consist of adding a new Narthex, widening the sanctuary with the addition of a dome and expanding the office area at the rear of the Church. Attached please find a copy of the expansion plans.

Asking for your prayers and blessings, we remain,

  
Fr. Vahan Hovhanessian  
Pastor

your humble servants,

  
S. Rex Kachigian  
Parish Council Chairman
