Wings of the Chrysanthemum Lizard

15 August 1959
Chicago IL

Wings of the Chrysanthemum Lizard

for termites upper-case U. termitorum Wied, very common
in woods from Costa Rica to Argentina, especially
Chile and Paraguay - some from Brazil - and
the insectivorous bird, the crested caracara Vultur
vultur from Costa Rica - and the
upper-case U. termitorum

must exist probably because most of
you live in America -

Zoogeographical
