

January 4, 1970

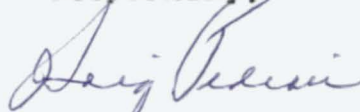

Der Hayr, Dear Friends and Parishioners, I regret that I could not attend this most important meeting. In the past, our Annual Meetings were held in the middle of January and I did not anticipate the change in dates. This commitment I have is planned six months in advance and is very important to me for scheduling my business planning for the year.

As Building Chairman, I have in the bank to date, \$7,802.35. It is my sincere recommendation all of this money be placed into a trust account with two or three directors to control this money for emergency or future contingencies. It should be placed into a 5% Certificate of Deposit.

I might mention, the last trust fund established loaned \$7,000.00 to the building committee and I think it proper to repay the loan.

My sincere wishes for a most Healthy and Happy New Year and I hope there will be better understanding for unity with one another and towards better accomplishing our goals.

Respectfully,

Haig Pedian
