Dear Sylvia -

I'm sending another copy of our Annual Report and hopefully you will receive it this time. I'm sure you're very busy now but you should have called me back when you found no evidence of receiving the report. I checked with the Post Office Express and they said it was attempted for delivery on the 29th of April and then was redelivered and signed for on the 30th of April. They are rechecking for signature. Anyway, I'm sorry for the inconvenience. Hope all is going well with our new Primate. I'm sure you miss His Beatitude Archbishop Torkom Manoogian.....seems strange calling him that.
