## Capital Improvements:

The Port Crane picnic ground grading and cesspool work has been completed. Approximately 5,000.00 will be required for the cottage renovation, including new roof, toilets, kitchen, and covered dining area.

The 1977 Parish Assembly approved 2,500.00 towards this project and 500.00 has been pledged by the Kradjian brothers. The Parish Assembly will need to give approval for the balance.

## Storage/Kitchen:

The remodeling was completed last year at the cost of approximately 7,500.00.

In order to achieve a balanced budget our parish must raise fifty percent of its income from pledges, and increase its revenue from outside activities.
