

ST. GREGORY ARMENIAN CHURCH SUNDAY SCHOOL REPORT - 1978

We have a total of 15 active children attending Sunday school; 13 children that are Sunday School age are not actively attending. We have four teachers and three class levels - Kindergarten, Intermediate and Senior classes.

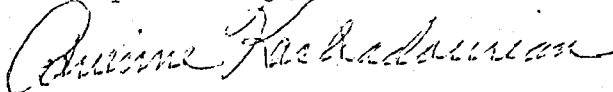

We had several activities during the school calendar:

1. Brunch in February - about 40-50 people attended and we collected \$29.00 in donations.
2. Halloween Party- About 12-14 children attended plus a few adults.
3. Pancake Breakfast - This was in November. We charged \$1.50 for each person and no charge for the Sunday School children. 31 persons attended.
4. In December a Christmas Advent Program, put on by the children. Following the service, a "bite to eat" was served. Approximately 70 people attended.

Since we have accumulated a large amount in the Savings Account we decided to take care of our own financial needs as our expense account is not large.

I'd like to thank all the teachers who were supportive in everything we did. I also want to thank parents, friends and relatives who helped us with our programs. Taking an interest in the children is their way of encouraging us and again I say thank-you.

Respectfully,

Adrienne Nachadourian  
Director
