

MR. & MRS. & MISS CLUB
Annual Report - 1977

The task of continuing the activities of the Club was borne by Irene and Malcolm Shadoian one additional year, with the assistance of Buzz Sirabian. There seemed to be reluctance on the part of other members to run for office. Nevertheless all of our functions were well attended due to the wide range of the variety in our programs.

The Club limited itself mostly to organizing educational and cultural programs for the community. As a new venture, we organized a New Year's Eve party, the first in this community. It was enjoyed by all in attendance.

Our activities included the following:

February - Film and disucssion on St. Vartan
March - Talk by Prof. Hrair Dekmejian on "Many dimensions of the Armenian ethnic identity in a multicultural society"
April - Federal Government speakers on the energy crisis
May - Speaker and film on burglary prevention
October - Armenian dance instruction
November - Talk by Judge Vincent Gurahian on Westchester County Family Court
December - New Year's Eve Party

Membership and executive committee meetings were at the very minimum.

Our Club assisted in the springtime with a Sunday coffee and cake assignment.

We also supported the education of our youth by contributing partial scholarship to five ACYOA members to attend religious study conferences in the summer.

A revamping is needed in this Club in order to enable it to continue its task with greater participation and involvement on the part of the community.

Respectfully submitted,
Malcolm Shadoian, Chairman
