1967 Annual Report

Meetings are held at the homes of members whenever necessary. There are 25 members including the four new members that joined in April.

The group planned and gave two social functions during the year consisting of Church Services followed by a Banquet in each instance, with a celebration of the 10th anniversary of the auxiliary at the last Banquet. Both affairs were successful.

A contribution of two hundred dollars (\$200.00) has been made to our Church for the building fund during 1967.
