His Eminence Archbishop Torkom Manoogian
Primate, Eastern Diocese of America
630 Second Avenue
New York, New York 10016

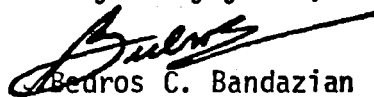

Dear Surpazân Hayr:

It was indeed a pleasure seeing you again during our 30th Anniversary of St. James Armenian Church here in Richmond, Virginia. Hopefully, we did not overburden you with our local problems but we were awaiting your visit anxiously anticipating all solutions to be rectified by a mere wave of your hand.

Realistically, I realize that our local community must proceed to solve its own problems and stop seeking outside grandiose solutions. Please continue your support and keep this community prevalent in the sphere of the Diocese. My family has again been enthralled by your presence and wisdom.

If I can be of any service to you personally or the Diocese, call upon me and I will extend my duty as an "American Armenian".

Very truly yours,

Bedros C. Bandazian
