Rector and Parish Council
Holy Resurrection Armenian Church
South Milwaukee, Wisconsin 53172

Greetings!

In compliance with the request of Trustee Charley Kademian and Chairman Arthur Barsamian to set aside my resignation from the Parish Council, further consideration, meditation and prayer were resorted to.

But in the light of immense task ahead of me, I can only confirm and concur with the resignation decision. In a way, I have a message to bear to "Garcia." Once undertaken it would engross me completely and impose so much upon my time as to preclude all other avocational activities.

Generally speaking, the services one renders for his own Church and congregation is more important and beneficial than any civil, social and personal services he possibly could perform instead.

Based on the above axiom, each of you individually and collectively is serving a worthy purpose which has temporal and eternal importance. As such, you deserve commendation and proper recognition. May all your objectives for the year be attained through timely achievements.

With best wishes,

Frank Markarian
