Dear Jack:

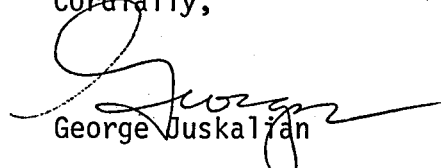

I just received the pamphlet on the 71st Annual Assembly in which I am listed as a delegate. On the other hand, the Bishop here received a letter from the Primate dated March 16 which lists Caspar Kasparian as the delegate and me as the alternate on the basis of our membership strength.

I have no quarrel with the position of the Primate; it's in keeping with the Diocesan By-Laws. However, I am now in a quandary. Which is going to govern, the listing in the pamphlet or the Primate's letter? I don't want to come to the Assembly and be challenged. Accordingly, please let me know as soon as possible so I can plan whether to come or no. As a matter of fact, I'd appreciate it if you'd let me know by telephone because time is getting short and there are other arrangements I will have to make if I am going to attend the Assembly.

Enclosed is another check for \$100 from Jack Andonian as a St Vartan Steward. That brings St Mary's to a total of ten stewards. Perhaps we can squeeze a few more before the summer. Please pass this on to Ed Bashian.

Awaiting your call. In the meantime, best wishes to you and respects to the Primate.

Cordially,

George Juskalian

Encl.
