

March 26, 1973

Dear Mr. Mugar:

It is always a pleasure to receive money, but when that money comes from you, the pleasure is doubled. You are the only pledgor who not only does not complain that I have sent a reminder, but gives with a large smile and beautiful words.

I am sorry too that friends like you have to live out of town and we hardly have the occasion of enjoying their company. I only hope that with His Holiness' visit in the near future, somewhere somehow we will be able to get together.

I also have received your controller's letter about the stocks.

Thank you for your past and present generosity and nice gestures.

Kindest regards.

Sincerely,

Haik Kavookjian
