Dear Harry:

We had the record changer and player picked up the other day; it is truly a wonderful gift.

Arnold is going to connect to our auditorium speaker system, so that we can have music there whenever needed. We expect to hook up our tape recorder to the system as well.

We hope to get there yet, with all the things we need. With people like you helping and giving, I don't see how we can miss.

Sincerely,

Jack Antreassian  
Executive Director
