Mr. Haik Kavookjian  
Director and Treasurer  
Armenian Cathedral Building Project  
c/o Bingham Photoengraving Co.  
151 West 40th Street  
New York, New York 10018.

Dear Mr. Kavookjian:

Your letter, dated October 31, 1972, asking the balance of \$250.00, against my pledge of \$500.00, that I had made in April of 1968, besides surprising me, shocked and distressed me, indeed.

You will please find enclosed herewith a photostatic copy of my check No. 796, dated April 20, 1968, for \$500.00 (FIVE HUNDRED DOLLARS) made payable to the Armenian Diocese Cathedral Project, and cashed by the same (as shown in the same photostatic copy, on the back) on April 25, 1968.

During the past several decades, in this country, on numerous occasions, both my late husband and myself, as well as our children have always been prompt and most responsible in our promises and contributions, both locally and nationally. Your letter, after an elapse of almost five years, has been a disgrace and most embarrassing to us.

It is trusted that, you will further look into this matter and after correcting the records, look into the real source of the "error", which might show that this is not the only such "error", that might upset other innocent faithfuls too.

Yours truly,

*Mrs Dertad Guleserian*
