Donations to Church: * This loss is not true. Let me give a brief
explanation. The annual donation from the
Mr. & Mrs. Club has been held in reserve
in their bank account and draws interest and
when the Sunday School actually needs these
funds it is available to us. No need to
lose lose the interest for the simple reason the
Sunday School has no bank account and cash
is held on hand.

Annual Picnic

Field trips have been discussed for the older
groups. Please watch along about March for

Other General Remarks:

Please excuse our absence. It is Baggy's parents' anniversary and because the family gets together each year on this Sunday it makes it very awkward for us to be in both places at the same time. Maybe there is a blessing in this. My remarks and opinions seem to irritate some of you.

I wish at this time to thank all of my teachers, regulars and substitutes, who assist me each week and faithfully participate each week in doing their small share for God.

Each class has its own materials and assignments and is responsible for doing and covering so much material within a given Sunday School year. We only wish we had the facilities to be able to show our parents and parishioners who would be interested in what we are doing by displaying our work. But under the circumstances it is almost impossible. I pray that some day in my lifetime we will have some of our inadequate conditions change.

My budget figure for the year remains the same as last; \$ 150.00. It is the wish of the Ladies Auxillary to pay this. Fine; wonderful. But I will present the bill to the trustees and they in turn can turn this over to the group as mentioned and everyone can stay happy. But a budget figure should be left in the annual budget. Looking far ahead if and when we ever come to it and are fortunate enough to have Sunday School facilities like other sister Churches we will find the need for not only a \$ 150.00 figure but much greater needs will be demanded of us and I'm sure the Ladies Auxiliry will not be so prosperous that they could pay all our indebtedness. Please remember; when I do something it is with a lot of thought. I work in an accounting position and this makes me think ahead expense wise. You don't set up a budget for only actuality (that which is a known fact) but almost as a cushion for what might be. The Sunday School is getting bigger each year and there should be some provision made for their needs. They are a subordinate group of the Church and come under the jurisdiction of it's Parish Priest and Parish Council.

Again I wish to thank everyone who helps us at any given time of the year in some little way.

Respectfully submitted,

Mrs. Lucenie Hovhannesian
