

Albuquerque, N.M.

12/20/86

Greetings and welcome,

We are all very happy that you have returned to  
manich. We need you planted three years ago. Believe it  
or not it is growing. Sometimes very slowly and then other  
times just fast.

My Mother is here for the Holiday so Pat and I have  
taken her and a friend to El Paso and will return until  
Tuesday evening. I feel bad about not seeing you but  
hope we can visit via the phone when you return.

Although there are many problems everywhere,  
we all remain optimistic and trying to find our roles to  
help. Please let us know what projects we could  
support other than our own growth. Maybe our seedling  
is ready for a challenge.

Please give my best love to Sergio, plan to  
send her ABG one day.

Again sorry to have missed you but rest assured  
you are in our prayers and thoughts.

Love  
Pat & Sergio
