Your Eminence,

We, the Der Sahagians', so enjoyed seeing you once again on your recent visit to Albuquerque. We also appreciate your having given our daughter, Christie, some advice about a change of life-style because of her "Cancer" affliction. You recall, I am sure, that despite your very busy schedule, you honored our family in January of '79, baptizing Duke and Christie at our home.

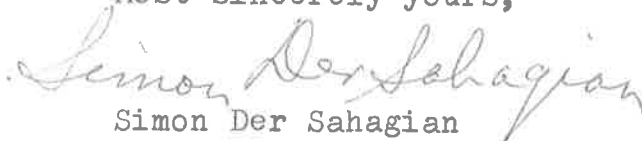

I have a son Jay, a beautiful young man, who is presently trying to make his future as a movie-stuntman. He has established himself in Hollywood for 3 years and thus far cannot "connect" for steady employment.

Is there a possibility that Your Eminence could arrange a meeting with Krikor O'Hanian, otherwise known as Mike Connors, and my son? Perhaps a letter of introduction from you or a direct communication to Mr. O'Hanian? He may be able to advise him. We are aware of the privacy that must be maintained and will await any advise you may have.

As an "aside", I would like to mention the name of Robert A. Papazian, who is an outstanding producer in Hollywood. Is it possible that Your Eminence knows of him?

I am enclosing two resumes of my son, along with a picture of Your Eminence and my family.

Most sincerely yours,

Simon Der Sahagian
