Dear Mr. Saxenian:

We are inclined to grant permission for the use of your chapel by the Egyptian Coptic community, according to whatever schedule is convenient to you.

This is conditional now, and always, on the community being and remaining under the authority and jurisdiction of Pope Shenouda III.

We add this because there have been instances when dissident groups have sought the use of our church facilities, and this we are unable to encourage.

Prayerfully,

Archbishop Torkom Manoegian
Primate
