your grace,

Thank you for your letter in reference to the Coptic matter.

a friend of our's owned a lot on the same street as our church. His lot is

the same size as our property and located just 12 lots north of ours.

He just sold it for \$174,000⁰⁰.

The reason I am mentioning this is because there may arise the idea of selling our property and relocating elsewhere.

My idea is that we are sitting on gold and the value can only increase in the future. The area seems to have come alive suddenly and can get only better.

Our fund raising is progressing favorably. We now have \$4000⁰⁰ toward the \$8,000⁰⁰ goal which Mr. Harrison has agreed to match.

I hope to see you in Syracuse on Easter Sunday.

Most Respectfully,
Stephen Safeman
