PROPOSAL COMMITTEE REPORT

1. Bayside Proposal # 2

The Central Council and or its representatives shall be responsible for selecting the site of the General Assembly.

The committee recommends the following amendments:

Option A - Central Council shall select 2 or more sites for the Assembly to meet and then the Assembly will choose from these in addition to cities which have bided 60 days prior to the assembly. If approved for 1989, leave to the discretion of the Central Council to choose the 1989 site.

Option B - If Bayside does not pass, we recommend that Assembly and Sports Weekend be jointly held under the latter guidelines.

2. Anniversary Ball Guidelines

We recommend that the proposal be amended as such:

To adopt the anniversary Ball as a Regional event subject to the ACYOA Anniversary Ball Guidelines.

3. Proposal to Assembly regarding Sports Weekend:

Host Chapters shall offer Saturday Evening dinner/Sunday evening dinner dance package not to exceed ½ of a full package plan.

4. Proposal concerning seed money for Archbishop's Tournament.

Committee unanimously approved as presented.

"Rationale accepted as presented.

5. Bayside proposal - To convene ACYOA General Assembly annually on the first weekend of March.

The committee is rejecting this on a split decision.

The pros and cons of this issue are as follows:

Pros:

1. Difficult to get time off from work and school during week if accepted, more people would be expected to come.
2. Sports Weekend/Assembly is too long., if split, people will only attend 1 of the 2.
3. Smaller chapters may host.
4. During Lent there would be very few other events taking place.
5. May coincide with Spring break.
6. More serious during Lent and a shorter weekend.
7. Could be held in a non-parish city (i.e. Cancun)

Cons:

1. March may hold a problem with Lent - no parties.
