Dear Rupen,

I thought you might be interested to know that the Diocesan Council has determined that the Camp Program is important enough to warrant their full attention, and thus they shall begin sponsorship of this important program for your youth.

The re-organization includes the appointment of a committee to over-see the program, determine needs, etc., etc. At this time, the director is not yet appointed for next summer.

With your approval, I should like to recommend your name for this committee, as I feel you are very sincere in your motives to help the young Armenians of our Church. You have a lot to offer, and your abilities should not be lost. I am sure you'll agree that the situation of last spring and summer must be avoided in the future; I remain disturbed by it.

Please be in touch regarding this at your earliest convenience.

On a different note, you mentioned a procedure whereby we may obtain some type of computer/word processor, etc. for our administrative use. Needless to say we need this type of help very much. Could you tell me what the procedure is and who to address such an inquiry? Thank you in advance for any and all help you can give.

Hope you are well.

Sincerely yours,

JAMES MAGARIAN
