December, 1982

□

Dear □ :

We wish to invite you to continue your 1982 membership as part of that select group of successful and caring Armenian-Americans known as The Archbishop's Pacesetter Committee prior to the year's end.

Last year, this effort netted \$45,000 to the Diocese which proved to be of tremendous benefit. We hope to expand our efforts on reaching a larger number of people for participation which will greatly help in the financing of important areas of our work such as clergy recruitment, the Department of Religious Education, the Armenian Language Department, and the Junior and Senior ACYOA.

However, a great need also continues for the all-important Diocesan General Operations that keeps the entire network functioning. This category covers a myriad of miscellanies such as Cathedral expenses, improved staffing, the Diocesan publication the Bema, senior citizen's programs, cultural and social service programs as well as the more mundane but just as vital and ever-escalating cost of utilities, maintenance, printing, postage, mailing - the list goes on and on.

It may seem to you that there is a never-ending need for funds - and you would be right. Because of the inflation that we are all experiencing, whatever donations are received always seem to fall just short of what is needed. But no one ever said that our task would ever become easier. It has ALWAYS taken and will always take self-sacrifice and dedication to maintain our way of life and our faith; but those qualities are something to which we as Armenians are no strangers.

We hope to make the Pacesetters even more effective as a fundraising resource, by asking you to increase your annual Pacesetters contribution. If you find it is within your circumstances to afford an increased amount it will double both your effectiveness to your Church and our effectiveness to our people. If you are unable to increase your pledge, we will of course gratefully accept the current amount.

If you have not made a donation or pledge for 1982 to the Diocese, we hope you will find it in your heart to do what you can to help us reach our goals.

Respectfully yours,

Frank Avakian Stoneson
Executive Director

FAS:kd

□

Dear □ :

About two years ago the Pacesetter Committee was organized by a small group of Armenians concerned about the financial future of the Diocese. It has grown in a short period of time to over 100 participants throughout the United States. The contributions received by the Committee help support the religious and educational programs initiated by the Diocese. These programs and publications are enjoyed by tens of thousands of Armenians in the 53 parishes and schools around the country and Canada.

I hope you will continue to support the Diocese as you have so generously in the past. It is, indeed, no exaggeration to say that without the revenues we receive each year from this wonderfully loyal group of individuals, these programs and services of the Diocese would be painfully diminished.

This has become especially evident in recent years as inflation has taken an increasingly heavy toll on our ability to carry out our historic mission: to preserve the centuries-old Armenian Religious and Cultural Heritage.

The future of the Armenian Church in America is at a crossroads. If we do not take the recruitment and training of clergy and the increased participation of young adults as a priority in the coming years, the next fifty years will see a sad weakening of our Church in America. Membership has remained stagnant too long and retiring clergy will soon outnumber new candidates.

The recently improved financial situation of the Diocese has encouraged both the Primate and the Diocesan Council to take the necessary steps to ensure a more promising future for the generations to come. While a reevaluation of the past St. Nersess Seminary Program is underway, new religious and academic study programs both here and abroad are being explored. The need for extensive training in Armenian Language, Music, Art and History for the American born candidate will be met by study overseas.
