Dear Patron of the Arts:

The Exhibition entitled "A Select Group of Armenian Artists" is more than an effort to display the work of many talented craftspersons; it is a testimonial to a people. As you will find, the individuals participating in this activity are well known for their diverse talents, and though they may be stylistically different, all share a common root--which is their Armenian heritage.

The Fine Arts Committee of St. John's Armenian Church is pleased to sponsor this exhibition, and I as its chairman, have relished the prospect of bringing together, once again, a selection of artists from the United States, from the Atlantic to the Pacific.

We are pleased to be sponsoring this event, and would like to stress that it is through your support that St. John's Armenian Church will benefit. In return for your generosity, the gift of lasting appreciation of any of the fine works of "A Selection of Armenian Artists" will be yours.

Please join us in this most pleasant endeavor. I hope that you will greatly enjoy what our exhibition has to offer.

Sincerely,

Garabed Belian
