Dear Parishioners and Friends,

Very happy am I to announce that the Holy Shoghagat Building Fund campaign is now underway. Thus we have taken another step towards our ultimate goal -- the realization of our very own Church and Hall.

Our temporary religious homes have served us well, however, the time has come for us to build a permanent Church and Hall to serve adequately the spiritual and social needs of the Armenian people. The Finance Committee is confident that every parishioner and friend is concerned about the future of our parish and, as a result, we will have a very successful campaign.

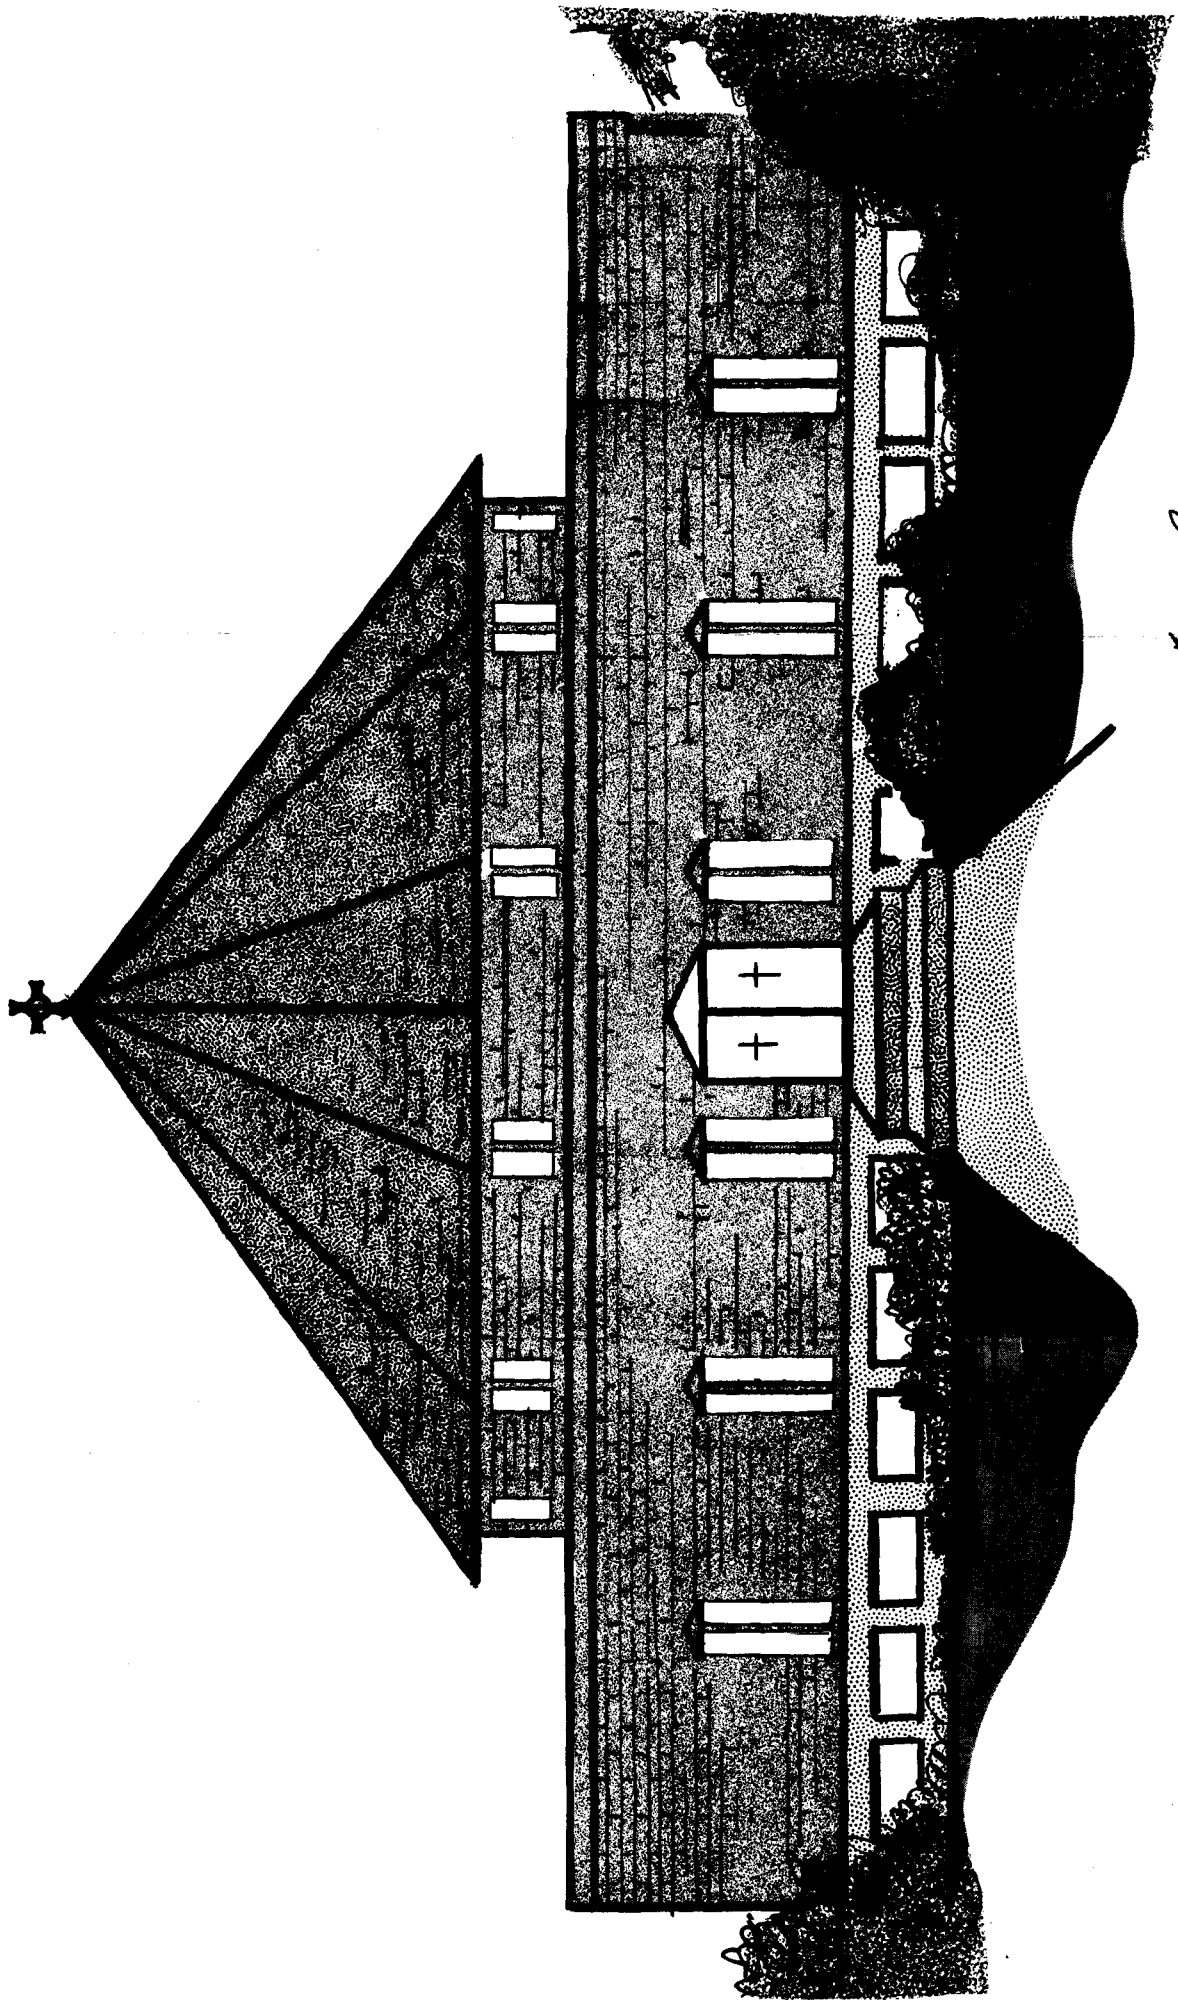

Our campaign workers are not asking anything for themselves. There is no personal profit or glory in their task. As a matter of fact, they will probably acknowledge that they don't particularly enjoy the job...However, They Do Have A Sense Of Responsibility Toward Their Church and Almighty God! They are your fellow parishioners, giving up their time, relaxation and money so that our campaign will prove successful. They are doing more than their "Fair Share." Won't you also accept your "Fair Share" by making a pledge based on real sacrifice.

Holy Shoghagat needs your support more than ever before.

Sincerely,

Hrant Norsigian
Finance Committee Chairman
