Dear Deacon Serop:

Thank you for forwarding donations amounting to eighty-one dollars and fifty cents (\$81.50) on behalf of the South Milwaukee parishioners to the Iranian Earthquake Relief Fund at this time of tragedy and suffering.

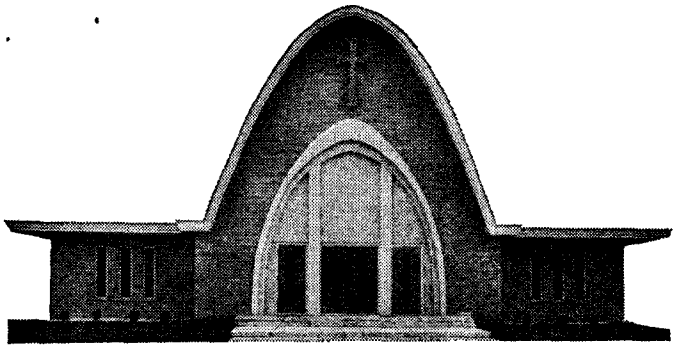

We are deeply grateful for all the efforts of our parishes throughout the Diocese towards humanitarian relief. Every contribution we receive brings added strength to suffering people. There would be little hope without the united labors of all our faithful, each gesture of help adding to others, just as in the past, one stone added to another built cathedrals and whole cities.

We are grateful for your humanitarian concern which will inspire hope and love for all who suffer everywhere. God bless you, dear faithful, and may He gift us all with peace, courage and unshakable faith.

With prayers,

Fr. Khajag Barsamian
Primate
