# HOW TO USE THIS DIRECTORY

Each family or person over 21 years of age has been accorded a separate listing.

The first line of each listing indicates the family's last name; marital status; husband's first name; address; and telephone number.

The second line of each listing — if there is one — usually begins with the wife's first name, followed by the names of all children under 21.

The table below illustrates the municipal abbreviations used throughout this volume:
