

ANNUAL REPORT

YEAR END 1971

ST. GREGORY THE ILLUMINATOR CHURCH SCHOOL

Prepared by Superintendent - Mrs. Florence Janjigian

COMMENTS on 1971

Weekly church attendance by the entire student body and staff has been in practice since September. Attendance times have been rotated so as to expose the students to various parts of the Liturgy, and they have been encouraged to ask questions about what they see and hear.

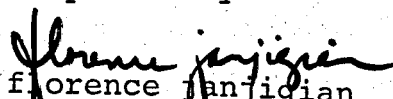

The Gospel Light Series provides curriculum materials. Armenian language is incorporated, primarily in the form of word study, each week. During assembly, we talk about various subjects related to the Armenian Church's beliefs, and the students have become comfortable with the proper wording and behavior for the Kiss of Peace.

Seven highly qualified, enthusiastic teachers and their assistants and/or substitutes teach six classes totaling about forty students. Three of our new teachers, one substitute and one assistant are from last year's young adult class.

Our Church school is very fortunate to have limitless support and encouragement from all the Church bodies.

We sincerely appreciate this backing.

Respectfully submitted,

Florence Janjigian
Superintendent

STAFF
