

St. Gregory's Church Choir Report for 1977

The St. Gregory's Church Choir successfully led the congregation in singing during worship services again in 1977. The choir sang all the different variables for the special services on feast days. In addition to those days on the church calendar, extra sharagans were sung in honor of visiting Primate Archbishop Torkom Manoogian. The year culminated two weeks ago with the combined South Side choirs singing at the ecumenical epiphany service held in our church.

Finally, we should not take for granted how well Michael Findikyan is accompanying the choir. He has performed professionally for the most difficult assignments.

Respectfully submitted,

Paul Ketchoyian

Choirmaster
