

ARMENIAN CHURCH OF THE HOLY RESURRECTION

CEMETERY REPORT

1998

At the present time there are 108 available plots.

During the year the following was done:

1. Five plots were purchased from former members who have no further use for the plots and their original purchase price was refunded.
2. NEW MAPS. A new master map (MY LAR) and 3 new working copies were made. The information from the old worn out map was then transferred to the new maps.
3. We have not yet worked with the assistant but hopefully that will be done in 1999.

During the year Vandals again knocked over grave stones in all of Fairview Cemetery. Our section had 12 stones down. This was brought to my attention by Emil Mosey. We notified the office of the problem and all the stones were reset in a matter of 2½ days.

Special thank you to Emil for caring enough to let me know of the above problem.

Respectfully Submitted
