

1990

The HYE-STEPPERS originated in our parish five years ago.

We were very fortunate in having instructor Sonia Tashjian as an instructor who taught us new dance steps and reviewed ones that we were familiar with.

Unfortunately, in 1989, Sonia passed away. Since that time, we have had three guest instructors.

We started with about forty members and eventually the membership was reduced to thirty. The average attendance is about twenty-five.

During the past five years, we have practiced and rehearsed about eight different steps. During this period, we have appeared twice in Manhattanville College and the Westchester Park Department, in costume.

We received a third place rating as a result of our performance in the Park Department.

Our organization has also sponsored two dances for the Parish.

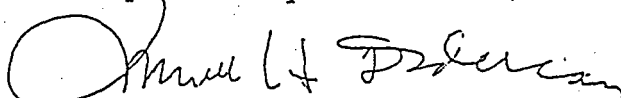

What is important is that the Armenian Society has recognized us as the official dance group of the St. James Armenian Church of Westchester.

The organization is unique in that we have appealed to all age group

It has been a very successful social organization which has promoted one aspect of our culture.

BALANCE IN TREASURY AS AT 11/31/90 \$307.85

Respectfully Submitted,

Menas H. Daderian
