

The armenian Church of the Holy Ascension

Report of the Sunday School--- Feb.4, 1979 annual meeting.

The 1978-1979 Sunday School year began with registration on Sept 23 with the bulk of it occuring on the 30th. Some 23 pupils enrolled at that time with school ages ranges from pre-kindergarten to junior high. At that point in time Miss Karen Misakian had volunteered to teach. Mrs Maureen Najarian and Mrs Marie Yapoujian loined in shortly thereafter. The classes were formed as well as they cpuld be under the circumstances.

Later in October it was felt that those older pupils who had attended Sunday school for many years should be given some kind of recognition. To that end Mrs Therea Harabeddian formed a class of this older group with the idea that when a prescribed senior effort had been completed, they would , after successful completion of an exam , be given certificates of achievement.

At the present time there are some 35 students enrolled but attendance is sporadic due to a number of reasons including weather, distance and other circumstances.

I must commend the teachers as well as the students for their ded cated and loyal effort to participate in the religious education and inspiration of our Church.

The ultimate success of the Sunday Schbol program will ~~will~~ parallel that of our whole church community.

Respectfully submitted

Gary Hovhanesian
