

ARMENIAN SCHOOL REPORT 1985

The Holy Ascension Armenian School had a very fruitful year.

With Der Untzag heading the team, Mrs. Tokatlian, Lisa Misakian and myself completed the school year in June with a light luncheon at which time Der Hayr thanked the teachers and the students who completed the year and talked about the importance of the school and promised a better and richer program for the next year.

In 1985, we sponsored a Bake Sale and a very beautiful cultural affair. We invited "Erevan" chorale, who bewitched us with the superb guidance of their conductor Father Oshagan Minassian.

The committee entertained the visiting group with a delightful luncheon and an elaborate coffee hour followed the concert.

The concert booklet was fully prepared, printed and donated by Lionel Ketchian.

We already have started our school for the beginners on Sunday mornings. We will have a several meeting concerning new enrollments of which date you will be informed with a note from Der Untzag.

Please come, speak up, tell us what you need and we will support you. We promise to teach you and your children our beautiful language and rich culture.

We started the Armenian School with the financial support of the Parish Council. Today, we would like to offer the Church a check for \$ 700.00 (Seven hundred dollars).

Respectfully submitted
