

ANNUAL PARISH ASSEMBLY

FEBRUARY 28, 1982

PROPOSAL TO THE ASSEMBLY

At the Assembly, Parish Council will introduce a Life Membership Plan for those parishioners who may be desirous of taking advantage of it.

Briefly, it would work like this.

Upon payment of \$550.00 in a lump sum or installments, a parishioner would become a Life Member. Payment (s) would have to be completed within the calendar year of 1982. Of this amount, \$50.00 would go into the regular Church Account, and \$500.00 into a Permanent Fund.

Senior Citizens would pay, \$275.00, of which, \$25.00 would go into the Church Account and, \$250.00 into the Fund.

Only income from the fund could be used for operations expenses. The principal would remain intact.

It should be stressed that the plan is purely optional. If a member wishes to continue paying their dues on an annual basis, naturally, they may do so.

The advantages of the plan are many. Of particular importance is the firm financial base that the Church would gain. Also, more of the facilities of the Church could be reserved for our own use since rentals would be phased down.

We know many of you will have questions. Hopefully, we will be able to answer them to your satisfaction at the Parish Assembly as well as provide you with detailed financial projections of the plan.

Please make every effort to attend.

PARISH COUNCIL
