Dear Yeretzgin:

We were very happy to hear from you.

The list of names you were good enough to make available to us will prove very useful. It is our plan to communicate with them in some form or other as a preliminary to establishing regular contact.

We pray for your well-being and God's blessings on you and your loved ones always.

Brayerfully,

Archbishop Torkom Manoogian
Primate

Dear Surpogyan,

Inclosed are the addresses
of Armenians in Atlanta Georgia.
I am sorry it took so long,
But it took time to find
them. Hoping you are
well.

Sincerely

A. Manoukian

Smullians surely are Armenian

NOTE: James is writing his name with one L only.
 " jack is " " " " one L, and instead of i, he is using the letter "y", as some Armenians are doing, as in Pandoyan, Toroyan, Leshoyan, etc. (Continued)

NOTE: It looks as if he is Armenian; if you insert "hi" between the letters of g and ~~a~~ a, you get Musheghian.

Also - Mr. Bedros Sharian had told me that there was an Armenian Protestant Reverend that was paying them a visit now and then, but he couldn't remember his name. After I came to my room I found this name in the church's Classification.
