Most Reverend Archbishop Torkom Manoogian  
Primate, Diocese of the Armenian Church  
of America  
630 Second Avenue  
New York, NY 10016

Dear Archbishop Manoogian:

In our ongoing efforts to serve the continuing education needs of all Georgians, we are constantly updating our files on various groups. Because we feel that the church professionals (pastors, ministers of education, ministers of music, etc.) are a significant population that may, from time to time, need our assistance, we are seeking to understand better the nature of the various denominations in our state and the current continuing education programs offered by those denominations.

Because we have not been able to determine whether there are members of your denomination in Georgia, we are asking that you complete the enclosed form and return it to us in the stamped and addressed envelope provided with this letter. We shall appreciate your response at the earliest possible moment.

Thanking you for your anticipated cooperation, I am

Sincerely,

*Bradley C. Courtenay*

BCC: tm

- no church professionals, pastors -
- No state or regional office in Georgia.
- about 90 families in Atlanta and the vicinities.
- Hope to organize them into a parish. -
