

REPORT OF THE AUDITING COMMITTEE - 1972

On January 17, 1973, we reviewed the financial records of the Women's Guild, Parish Council, and Building Fund Committee. Our findings are as follows:

1. The records of the Women's Guild are in order, but the annual report of that organization could be more informative. Accordingly, recommendations toward that end have been submitted to the Guild for their consideration.

2. The records of the Parish Council are in order, except for an excess of \$23.79 on the income side, representing unaccounted for receipts. We recommend that the Parish Assembly accept the report of the Parish Council Treasurer as accurate.

3. The records of the Building Fund Committee are in order.

Respectfully submitted,
