

ANNUAL PARISH ASSEMBLY

January 26, 1975

REPORT ON ESTIMATES FOR AIR-CONDITIONING
THE SANCTUARY AND AUDITORIUM

At the request of some members to have air-conditioning installed in our church, we sought the advice of Mr. Edward Kocharian, who had originally designed the air-conditioning system. Mr. Kocharian recommended THE MICHAEL KING CO. and THE INTERSTATE SERVICE COMPANY, INC.

Mr. King of Michael King Co. and Mr. Edwards of Interstate made three visits to the church and examined the existing ducts, comparing these with the architectural drawings, and concluded that the existing ducts represented an investment of \$10,000 at today's prices but these ducts would only accommodate the sanctuary because no ducts were built for the auditorium.

Mr. King suggested a number of alternative plans as to size of equipment, location, and eventual cost for each plan. He pointed out that the element of noise was an important factor to consider; the cheaper the equipment the more noise it would generate.

Mr. King did not wish to prepare a written estimate for these various plans but he gave a verbal estimate ranging between \$13,000 and \$15,000.

Mr. Edwards sent a written estimate as follows:

Sanctuary

one 15-ton Carrier condensing unit
one 15-ton Carrier air handler
plus all electric wiring, piping, pipe covering,
duct work, and refrigerant
\$12,368.00

Auditorium

one 10-ton air cooled Carrier condensing unit
one Carrier air handler
plus duct work, piping, pipe covering, air grills,
refrigerant, thermostat, and wiring
6,487.00
\$18,855.00

Prices include one year of free service and a 5-year warranty on motor compressor and on all parts.

This report was first presented to the Special Parish Assembly held on Sunday, November 3, 1974, but no vote was taken for lack of a large representative majority. It was then moved, seconded, and approved that this report be submitted, in writing, to the members in advance of the January 26, 1975, Annual Assembly for consideration.

Respectfully submitted,

S. A. Essefian, Chairman
Parish Council

Dec. 30, 1974
