Dear Mr. Kupelian:

Reference is made to your letter of February 24, addressed to Right Reverend Bishop Papken Varjabedian, asking the number of votes received by each candidate for the vacancies on the Parish Council.

Your attention is invited to Page 2, the last paragraph, and to Page 3, the first Paragraph, of the Minutes, which explain that the number of candidates was the exact same number as the vacancies (4), and therefore the Chairman indicated that voting for the members of the Parish Council was superfluous, as was the case with the Auditing Committee, where the exact same situation obtained. There was no objection and the Chairman ruled that no vote was to be taken.

A photocopy of the Minutes is attached for your ready reference and marked in red for your attention.

Yours very truly,

Ann H. Kavookian,
Secretary of the Parish Assembly.
