Parishes established in FL.
And mailing list of
Armenians at Suncoast.

Srparan Hayr,

Enclosed please find a 2 page news release which Fr. Zaven Arzoumanian and I did prepare, in reference to your recent pastoral visit to Central and NW region of state of Florida, where you established 3 new mission parishes. It is important that we release the enclosed PSAP with your additions if you wish to make. I am in the process of translating this in Armenian for Armenian Weekly news papers.

You will also find an up to date mailing list of the Armenians residing at the Greater St. Petersburg + Tampa Area. I must say that I had previously send a copy once before, somehow that was never included or added on our Diocesan General Mailing list, now that is pathetic. If the informations that we work for and collect are not implemented for constructive use, then all our time, effort and money goes for absolute waste.

On June 1, 1985, Fr. Zaven is planning to visit St. Petersburg for a Wedding, I told him to use this opportunity and celebrate Badarak in the same time. He is going to. This will be our 3rd contact with Suncoast

Official

Let's give a

Armenian Community.

I am in constant contact with Orlando and Ocala. I hope to get their mailing lists in the near future.

At this time I have the Telephone Directory of Daytona Beach. I will be doing some home work. Probably I should go there once, to do some field work and to get to know some people. If you have any suggestions on this matter let me know.

Attached see the letter of Mr. Edward Kokoian directed to the Armenian of Suncoast. I like the attitude and the firmness of this letter. I think he has just begun to work.

In few days I will be calling you. If you have any questions or suggestions on the above matters, please let me know.

Respectfully,
S. H. M.
