Dear member of the Armenian Community:

We would like to invite you again to participate in a study of genocide-- past and present. Our schedule includes:

Sunday, April 18, and Monday, April 19: The Holocaust of the Jewish People

Sunday, April 25 and Monday, April 26: The Genocide of the Armenian People

Sunday, May 2 and Monday, May 3: The Indian Community

The Sunday sessions are from 10:30 am till 12 noon and are intended for those who are thirteen and younger. Parents are invited to attend as well.

The Monday classes are from 4:45 till 6 pm and will be geared to those who are fourteen and older. High School and University students are especially invited to participate. Parents are always welcome.

All classes will be held at the synagogue and we hope that the new material that will be presented will engender your interest and discussion. Our intention is to transcend the particular faiths by the universal subject of this symposium. We pray that this year we will succeed in involving more than the seventy five individuals who joined us last year.

Sincerely,

Mrs. Lansing Cook, President
Armenian Cultural Association of New Mexico
