Dear Victor:

Thank you for your letter of September 13, 1990 and any support that you may give to the Diocesan Stewardship Program in the future will certainly be appreciated. However, I do not appreciate nor approve of being misquoted because it injures my creditability which happens to be very important to me.

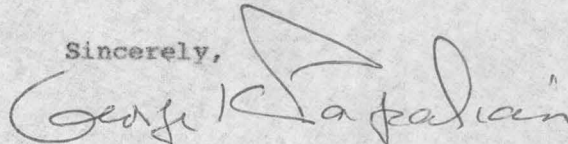

To set the record straight, I have never in public nor private conversations stated that the monies received for the Stewardship Program will be put into the Armenian Church Endowment Fund.

In our conversation you said that all the monies should be placed with the ACEF and I replied, "No Way!" The only monies to be invested are those of Life Stewards and the statement which I did make was that in the future those monies "may" be deposited with the ACEF. I did also say that if "Life Stewards" prefer they may forward the \$1,500 to the ACEF for the Diocesan Stewardship Program.

Please don't translate your wishes as my words.

Best regards.

Sincerely,

George K. Papelian
Coordinator
Diocesan Stewardship Program
