Dear Miss Paloutjian,

I do apologize for any inconvenience I may have caused you. When I wrote Mr. Olsen I believed, quite sincerely, that my children were not interested in the chairs and gates. When I told my son of my communication with you he told me that I should have known that he has always wanted wanted them.

I appreciate your interest and thank you for identifying them as far as being

assured that they are not American.
I hope this brief acquaintance with
them has been some pleasure to you.

Will you please return them to
me insured for one hundred dollars.
I am enclosing a cheque to cover
the postage charges, but money in
excess of the postage I should like
you to apply to the fund for your
next purchase for your museum.

And - will you please offer a
special prayer for my daughter
who is quite ill with Multiple Sclerosis.

Most sincerely

Mary B. Griffin
