Dear Mr. Hovsepian:

We express our deepest gratitude to you for the magnanimous gift made to the Diocese of the Armenian Church of America by your late and beloved sister Rose.

Such a generous gift, so humbly forwarded to our headquarters, is difficult to adequately acknowledge in words. We remember you and your brothers and sisters very well from our years of service in California, and recall your great commitment to the community. Rose herself was a very active member of the church and we were very touched by this last expression of her love and devotion to her people. Our Cathedral projects will be more than considerably helped by her kindness.

We hope you are all well and extend our warmest blessings to you and your brothers. May God bless you and may He grant you all many happy years to come.

Prayerfully,

Archbishop Torkom Manoogian
Primate
