Dear Michael:

As I am about to return home to Canada, may I express my deep appreciation for the kindnesses you extended to our Diocese.

It was very generous of you to come to the Cathedral and follow up your visit with a written estimate of the needlepoint for the benefit of our anxious donor. I do not know how we would have managed without your special talent and the time you donated to us for the occasion.

With best regards and much appreciation,

Yours sincerely,
